

Download 04 Explorer Rear Axle Service Manual

Ranger & B-Series - Hypoid gear lube substitute for rear axle? - I have a '90 4x2 with 180k. I'm about to park it for routine 15/30/60k maintenance and I want to change the rear axle lube during that time. The owner's manual calls for 80 or 90 Hypoid gear lube. I've checked the local auto parts stores and they don't...1999 to 2016 Super Duty - Rear end axle hub nut torque - I have a couple of questions. I replaced a bad leaking rear axle seal. my book is hard to follow on instructions The book says to pack the bearings. doent the rear end lube them ? Im using the old bearings. they looked good. no discolor or pits. then it says to...General specifications. The Dana 35 (as well as the AMC-15) is found in a wide variety of vehicles. The most common Dana 35 applications are as a rear axle in the Jeep Cherokee, Jeep Wrangler, and Jeep Comanche and as a front axle in the Ford Explorer and Ford Ranger.It is "reliable in day-to-day street use, but notoriously the opposite when worked hard."View and Download Ford Explorer 2004 owner's manual online.
