

Download Gekko Dive Computer Manual

Hi! 1. "AC" means Active Contact. The computer is automatically activated when it becomes wet. 2. I don't dive nitrox, but I believe that the mix does not go back to 21% until after the dive profile, which would be 24 hours. Buy New and Used Dive Computers here! Scuba Trade-ins accepted. Suunto Gekko Nitrox, Cobra, Aeris, UWATEC, Oceanic and more View and Download Suunto Favor user manual online. Dive Computer. Favor Diving Instrument pdf manual download.
