

Download Handbook Of Public And Community Health Nursing Practice

Public Health Nursing. The Public Health Nursing specialty is for both novice and experienced nurses that support the transition to leadership positions in public/community health or population focused healthcare. The Occupational Outlook Handbook is the government's premier source of career guidance featuring hundreds of occupations—such as carpenters, teachers, and veterinarians. Revised every 2 years, the latest version contains employment projections for the 2016-26 decade. Earn a Master of Science in Nursing in Public Health Nursing from GCU to inspire change in your community and improve modern day public health care. This online or evening program prepares students to develop, plan, implement and evaluate health programs and services. Visit GCU online to learn more. Medical and health services managers, also called healthcare executives or healthcare administrators, plan, direct, and coordinate medical and health services. They may manage an entire facility, a specific clinical area or department, or a medical practice for a group of physicians.
