

# Download Xcel Cmm Machine Manual

Howdy! I'm trying to check what my machine is reading or using as temperature. I am operating the Brown and Sharpe 7-10-7 Xcel with PCDMIS 4.3 MR3A & D Metal, Inc. is an ISO 9001/2000 registered company, providing precision machined and fabricated components to a diverse range of industries including Aerospace, Military, Medical, and Industrial. Do you have a tcpip link between the PC and the controller, or just a serial wiring ? On XP, you can try to communicate with the controller with hyper terminal (with tcpip adress or just with the com port). about us. Pinnacle is an ISO 9001, AS9100 certified provider of large and small lot CNC machining, experimental and prototype machining, and critical flight precision machining, as well as expert in larger parts and complex machining.
